

SAINTS ATHLETIC ASSOCIATION

THE YEAR OF THE SAINTS

2019/2020

The Saints Athletic Association is preparing for another year of providing support to all athletic programs at St. Helena High School. We believe that participation in a sports program is a critical element in the growth and development of the character of our students. Toward that purpose we strive for the continued betterment of our high school sports programs and facilities. SHHS has a 70% athletic participation level – an incredible accomplishment when compared to the CA state average of 31%. We support these programs and their coaches with our time and resources, and during the past 18 years the SAA has funded over \$800,000 to athletic programs at St. Helena High School.

For the recently completed school year, Saints Athletic Association provided over \$45,000 of support to our high school teams. Last year many of our athletic teams had very successful campaigns, and seven of our varsity teams qualified for the North Coast Section playoffs. Also critical to our athletic program successes are the scholastic achievements of students at SHHS, and our coaches do an excellent job monitoring student behavior and academics.

Join us and **“CATCH THE SPIRIT OF THE SAINTS”**. Please assist the Saints Athletic Association with your generous contribution to our cause. Your Saints Booster application is enclosed. Additional applications are available at the high school office.

Thank you in advance for your thoughtful consideration and support.
