ELA/ELD ADOPTION

- English Language Arts (ELA) and English Language Development (ELD) have adopted new curriculum this year in grades TK-8.

- We are piloting a vocabulary acquisition program called “Membean” at the middle school and high school ELD classes after its pilot success in RLS summer school.

- The primary school and elementary school use an online program called “Imagine Learning” for new students who score at a level 1 or 2 and do not speak any English. The middle school will be using the same program starting this year.

- The high school continues to use “Rosetta Stone” as a supplementary program for their new students along with an ELD class.
ELD TRAINING FOR PRINCIPALS

- Principals attended a three day training with WestEd this summer designed to improve their ability to see Integrated ELD strategies in a classroom.

- Administrators have already met this year to discuss strengths observed and growth areas from their observations.

- Language acquisition strategies, including deconstructing sentences for context, are not only good for ELD learners but for all students.
FOCUS ON ELD STRATEGIES

- Text annotation is a strategy used to deconstruct a sentence into parts for greater clarity.

- Excellent technique for assisting EL students but all students as well.
FOCUS ON ELD STRATEGIES

- This chart shows how Ms. Meade’s fourth grade class is guided on the strategies of deconstructing sentences.

- Students participate as a group and then practice individually.
DESIGNATED ELD TIME

- In addition to Integrated ELD, teachers work with small groups in designated ELD.

- Designated ELD is structured time where the teacher focuses on language acquisition with EL students.
At St. Helena Elementary School, for example, this 30 minute period during ELA allows teachers to focus on language found in the curriculum that might be difficult for EL learners.
ELD NEXT STEPS

- Continue walk throughs with administrators and West Ed staff to assist principals in Depth of Knowledge (DOK) and ELD strategies.

- Continue to provide feedback from observations on ELD strategies witnessed in the classroom.

- Provide training for teachers through West Ed on ELD instructional techniques in future staff development.
